### Lesson 7 - Legacy Part 1 & Leadership

[www.TheVisionProject.net](http://www.TheVisionProject.net)

Version 1.40-1

**Have you ever thought . . . “I don’t think I’m living up to my full potential?”**

**Are you looking for ways to connect to more people, in less time to create more mutually beneficial partnerships?**

**Tom Kunz, past President of CENTURY 21, the largest real estate company in the world helped raise over 100 million dollars for Easter Seals. Tom also learned the secrets to turning those connections into massive business opportunities.**

Learning how to help others in a massive way and having that bring value to ourselves . . . creating WIN WIN WIN strategies for everyone is what Mastermind Seminars is all about. We can accomplish far more together than we ever could on our own.

Within the first few months the Houston Chapter generated over \$30,000 to Stop Child Trafficking AND those businesses who were involved generated over \$110,000 in additional business as a result of their participation.

We trust the business / networking packet will help you to take what we learn today and apply it to every area of your business/life.

Each month we cover specific topics designed to help both businesses and community based organizations develop, install and operate BOS - Business Operating Systems.

**This is the engine that runs your business. We earn the money we earn, we work the hours we work, we have the stress in our life that we do and the balance in our lives that we have or do not have . . . BECAUSE of the BOS that we have installed.**

Mastermind Seminars is so committed to helping your business / community based organization build your own BOS that we verify that you're learning something from each and every Mastermind Seminar that you attend.

## Very simple . . .

Each month you attend and event you come with the purpose . . . we hope, to solve a challenge / problem. There is so much presented in one hour that often the solution we are seeking might escape us.

**Step 1: Examination** - "What is a challenge / problem you are facing in any area of your personal or professional life?"

---

---

---

**Step 2: Solution** - Listen carefully and deeply to each of the seven segments within Mastermind Seminars to discover a possible solution to the challenge / problem you are currently facing. If the content you are hearing is brand new to you, it may be challenging for you to discover the solution on your own which is why it's important to connect with others at the event to discover the very best solution.

---

---

**Step 3: Implementation** - Taking action is the most important aspect of the entire event. If we don't take action on what we learn we waste all the time and energy we invest into learning in the first place. Ask ourselves . . . "What specific actions will I take to overcome the challenges / problems I am currently facing?"

Do not allow the seven segments each month to confuse you. The three middle segments are the core for all the **training / mentoring** you will receive each month. Yes you will learn from others in the group and will connect with some very interesting people to apply what you learn from the other four segments. Your challenge / problem could be solved through any of the seven segments so pay close attention throughout the entire 90 minutes.

# Notes - 7 Segments To A Solution . . .

You have listed your biggest challenge and by the end of today's session we will help you discover a number of possible solutions. The best solution could come from anyone of the 7 Segments so best to pay close attention to each segment with an ear and eye out for a solution to the biggest challenge / problem you are currently facing.

My biggest challenge is . . . \_\_\_\_\_

## 5/30 Grid Topic #2 Integrity Leadership

Leadership Excellence In Leadership & Success

Culture & Values A1 | Vision A2 | Belief & Knowledge A3 | DO A4 | GIVE A5 | Our Legacy A6

**Objective** - Actually for the last six months we've been learning about the value / importance of leadership which is really the heart and soul for The 5/30 Grid. Connect the dots between 5/30 Grid & Leadership.

- KEY POINTS**
1. The 5/30 Grid is simple, fast and easy to understand on the surface but it's kind of like a car . . . maybe without a direction to go . . . without leadership.
  2. The 5/30 Grid is very powerful, in a way like a car and without strong leadership i.e. Integrity Leadership, that car may set there, may go in the wrong direction or may not be used for anything really productive.
  3. Developing our own BOS - Business Operating System we need to properly integrate the DNA for People, Business and Life i.e. Natural Laws. Leadership is who is responsible for doing this. Leadership is responsible for development and maintenance of the Culture & Values, for setting the Vision, for helping each team member integrate their own personal vision into the company vision, for belief, knowledge, the DO, the GIVE and the Legacy.

**Last Month's Assignment**  
 Status Update: Join some type of a weekly mastermind group to gain the weekly focus, accountability and insight from others.

**This Months Assignment**  
 Work with mastermind group to review our integration of The 5/30 Grid with Leadership.

**Next Month**  
 Finish Legacy - Part 2 and Learn how to build Profitable Partnerships.

1. What WINS / Successes did I have in the last 30 days?

We've all been to networking events where we connect with a lot of people. Great questions to ask ourselves are: "Does every networking event make us money?" "How will I earn over \$100,000 a year due to networking?" "Who are my best three leads from this event?" Mark Boersma, international speaker, author, and executive coach has developed a unique process, which will, when used properly, turn every networking opportunity into a massive wealth creation machine. ### NOTES

Some individuals / companies will take longer than others to get through each of the twelve months. There is no race to the finish line and there is no requirement to finish in twelve months. Some lessons may apply more to you than others and you are always free to invest more time into those areas where there is the biggest need.

Life Masteries Institute has plenty of resources for an individual to take detailed training and masterminding in any one of the above topics if someone would prefer to go "deep" rather than "wide" in their learning and application.

You will be assigned a full account executive team AND a small group leader who will be able to assist you as needed as you progress through the program. In level 1 you are eligible for email support in addition to the support you receive in your weekly mastermind conference calls / webinar meetings.
